# THE SHOWCASE EVENT OVERVIEW

A STOR-X Showcase is a one-day, private event that is both a benefit to us and to you, the custom home builder. The STOR-X team looks to partner with you by providing innovative and attractive storage solutions at a considerable discount, for your new build or renovation project. In exchange, STOR-X co-hosts a private event showcasing your home and our newly installed custom storage solutions.

STOR-X can provide product for multiple areas of the home, whether a beautiful custom walk-in closet, an organized family mudroom, or an over-the-top garage and work bench space. The choice is yours.

Our team takes care of the details, including invitations and promotion. Catering costs are shared. At the end of the day, your business gains exposure by featuring your newly-built home or renovation project and we have an opportunity showcase our product to our invited guests. This event is both a benefit to us and to you. We get to show off our custom organization to all of our invited guests and you get to take advantage of the showcase and draw attention to all the features of your custom-built home, thus attracting the proper clientele to your business as well.
